May 3, 2021

Dawson County Resident,

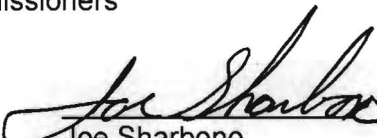

We all need to remain cautious but things are starting to return to a familiar normal. Vaccines in Dawson County are now open to all ages 18 and above. The single dose Johnson and Johnson vaccine can be scheduled by calling the Health Department at 377-5213 and for those wanting the two dose moderna vaccine will need to schedule an appointment with Albertson's Pharmacy by calling 365-5209. As the data and guidelines continue to evolve we have tried to do our best at making scientific, common sense approach that has been best for the residents of Dawson County. As we move back into a more normal operating environment, here are the current guidelines for Dawson County government operations. Should any adjustments in these guidelines be needed, we will be communicating those as soon as possible.

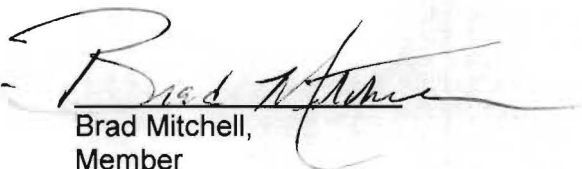

- All County boards and meetings can once again be held in person, all board meetings still need to be posted and open to the public as normal.
- All community and conference rooms normally available to the public are open for reservations.
- Masks are not required in the Courthouse as a whole but please follow individual department's posted guidelines should they be required:
- All County offices not listed below will be open to the public as normal but the public is highly encouraged to conduct business over the phone, mail and/or electronically if possible:
  - The Glendive Library is open and programming will be continuing to be added.
  - The Senior Center has resumed on-site congregate lunch time meals and will continue to offer pickup meals. Meals on Wheels will operate as normal. Programing has started and is being phased into a normal operation.
  - The Correctional Facility has started a phased reopening to guests and the visiting public.
  - The Dawson County Health Department is encouraging that appointments be made for visits. Please call the Health Department prior to arrival or to make reservations for an appointment.
  - The Treasures office is open while being closed for lunch from 12:30 PM to 1:30 PM, with no vehicle registrations after 4:00 PM.
  - The Dawson County Urban Transportation and Airport have returned to normal operations but riders are required to wear masks or face covering due to Federal mandates while on the bus and commercial airplane.

It's been a long road but we have gotten through together and your efforts are appreciated. Thank you.

Sincerely;  
Dawson County Board of Commissioners

  
Dennis Zander,  
Chairman

  
Joe Sharbono,  
Member
